About Me

After dedicating over 12 years to running my own business, where I took on various roles with high levels of responsibility and adaptability, I am now transitioning into a career as a **Front-End Developer**. Over the past year, I have focused on mastering modern web development technologies, including **React.js, Next.js, Redux, React Query** and **Tailwind** through hands-on projects and am eager to contribute to a team with my dedication and problem-solving abilities.
